

First Stop Health.

Virtual care made for you

From sinus infections and sore throats to stomach aches and rashes, First Stop Health is available to help you feel better faster.

Inclusive

No two people are alike. We take an unbiased approach to care driven by respect and empathy.

Private

Virtual care is strictly confidential. No personal information is shared outside of your visits.

Accessible

When you need immediate care, connect with a doctor by phone or video from anywhere at anytime.

Make your health a priority.
