

Bug Bites?

Request a visit!

Get relief in just a few clicks!

Being in the great outdoors can be relaxing. But when the bugs bite, your peaceful escape can quickly turn into an itchy, uncomfortable distraction—*unless you know where to turn for fast relief.*

Virtual urgent care doctors can help provide treatment and advice on what to do next for:

- Mosquito bites
- Bee & wasp stings
- Spider bites
- Tick bites
- Fleas, bed bugs, and chigger bites
- And more
