Access to support when needed

Feeling understood is part of getting good healthcare. First Stop Health provides 24/7 virtual access to licensed providers, making it easier to connect without barriers when the need arises. Visit the app, firststophealth.com, or call (888) 691-7867.

Put yourself first this month

Health concerns can be personal and complex. First Stop Health connects you with virtual providers who listen, understand, and treat you as an individual. Care is available through the app, online at firststophealth.com, or by calling (888) 691-7867.

Healthcare made for you

Healthcare works best when people feel safe showing up as themselves. First Stop Health provides virtual visits with providers who are there to listen and support a wide range of needs. You can connect anytime through the app, firststophealth.com, or by calling (888) 691-7867.

Support without judgment

Everyone deserves a place to turn for health questions, concerns, or ongoing support without fear of judgment. First Stop Health offers access to compassionate, affirming providers who treat every patient with dignity and respect. Start a visit in the app, at firststophealth.com, or by calling (888) 691-7867.

Care that people love[®]

We've partnered with First Stop Health to ensure you have access to inclusive, compassionate health and wellbeing care. When healthcare is built on respect and equity, everyone benefits. Log in to the app, visit firststophealth.com, or call (888) 691-7867 to connect with a provider.
