

# You take care of the work — let us take care of you

Long hours, tough tasks, and physical strain can take a toll on your health. Whether it's fatigue, back pain, or ongoing health conditions — you don't have to wait to get help.

## Reasons to use primary care

- Fatigue and sleep issues
- High blood pressure and high cholesterol
- Muscle and joint pain (back, shoulders, hands, etc)
- Breathing problems like asthma or bronchitis
- Hearing loss and ear concerns
- Skin conditions like rashes or irritation
- Diabetes management
- And more

### Scan for care.

Schedule your visit to talk with a primary care doctor from wherever you are!
